Please make checks payable to: Valparaiso City Utilities

Approved by the Indiana State Board of Accounts - 2009

Next month your Valparaiso City Utilities Bill will take on a new look, with expanded features such as:

- ★ Blue highlights on a white background indicates your new bill with no past due balance.
- ★ Red highlights on a white background indicates a past due balance that is due immediately.
- ★ We will no longer mail out separate past due notices.
- ★ Account numbers will be changing and will be bar-coded for easy payment entry.
- ★ Consumption listed in cubic feet and approximate gallons.
- ★ A bar graph showing usage for the previous twelve months along with current usage.
- ★ Expanded message block for important announcements.
- ★ Capacity to bill for extra city services such as excessive trash, fire protection and any miscellaneous fees.

We are in the process of converting our software for Billing, Payroll, Payables, and Accounting to "INCODE" by Tyler Technologies. This software is approved by the Indiana State Board of Accounts and will facilitate our yearly audit requirements.

Your first bill on the new system may be estimated due to the need to re-route the city into two geographic sections to facilitate electronic reading by longitude and latitude.
