

**SECTION 02140
TEMPORARY WORK**

A. General

All false work, ladder, hoistways, braces, pumping plants, shields roadways, sheeting centering forms, barricades, drains, flumes, and the like, any of which may be needed in the construction of any part of the work and which are not herein described or specified in detail, must be furnished, maintained and removed by the Valparaiso City Utilities or its Contractor. In addition, the Valparaiso City Utilities or its Contractor shall be responsible for the safety and efficiency of such works and for any damage that may result from their failure to form their improper construction, maintenance or operation.

B. Bridges

The Valparaiso City Utilities or its Contractor shall provide suitable temporary bridges at street intersections when necessary for the maintenance of vehicular and pedestrian traffic.

Prior to temporarily cutting off access to driveways, garage or parking areas, Valparaiso City Utilities or its Contractor shall give sufficient notice to affected property owners. Interruptions for use of private driveways shall be kept to a minimum and reopen at the end of each day.

END OF SECTION
